Read the text and do the exercises that follow.

The Lost Puppies

Last weekend Maria went to the park near her house. It's a big park, so she decided to do some exercise. She started walking around the park. While Maria was walking, she saw something strange behind a tree, so she went to see what it was. As she was getting closer, she heard somebody crying. To her surprise, she saw a box and inside the box were three puppies. Maria asked her kids to come and see what she found. While they were looking at the puppies, it started raining and they decided to take the box into their garden until they find their owner. Luckily, a young man who was jogging in the park said that he knew who the puppies belong to and was going to tell him to come and get them. Maria and her kids were relieved that the puppies would eventually return to their home!

Write T for true, F for false or D for doesn't say
